## EDUCATION

### **Rochester Institute of Technology, Rochester, NY— *BS in Game Design and Development***

August 2012 - December 2016

### **Brookdale Community College, Lincroft, NJ**

## EXPERIENCE

### **Achieve3000, Lakewood, NJ— *Manual Rostering Specialist***

November 2017 - Present (Temp from June 2017 to November 2017 through Spherion)

Work in a team of specialists with the manual rostering of students within the program. Used tools like Microsoft Office and Salesforce to communicate with customers and upload student data to a database. Created various Excel scripts to help with day to day tasks.

### **My Box Gaming LLC, Henderson, NV— *Software Programmer***

July 2016 - October 2016

Developed an initial prototype for a new casino game (Take It or Leave It) using the Phaser framework, Node.js, MongoDB and Websockets

## PROJECTS

### **Take It Or Leave It — *Tournament style casino card game***

A card game based on poker. I created the initial prototype, more specifically, I created a very basic back end with a database, created the initial main game loop as well as game states and menus. - [tioli.herokuapp.com](http://tioli.herokuapp.com)

### **Bloxeo — *Idea brainstorming web app***

For an entire semester, my contribution was in back-end server development along with 5 others as a part of a larger team of 21 students. The server was created using Node.js, Express, Mongoose/MongoDB, Socket.io, Redis and Heroku

### **Chuters— *Casual Game***

An endless game where the player has to land a soldier on a target without getting shot by tanks. In a team of two, my contribution was mostly gameplay regarding the tanks and the landing zone as well as programming the animations to play from a spritesheet.

## OBJECTIVE

To acquire a full-time position at a tech based company.

Willing to relocate

## SKILLS

Salesforce  
Excel  
Websockets  
Git  
Heroku  
MongoDB  
Node.js  
Adobe Photoshop  
Autodesk Maya  
Phaser

## LANGUAGES

Javascript  
HTML  
JSON  
CSS
